CS-E5370 Law in Digital Society Exam, 6 April 2018

Teacher: Nomi Byström

Out of six please answer four questions.

(N.B. You cannot gain extra points by answering more than the requested four.)

1. The General Data Protection Regulation (GDPR): what are the lawful bases for processing personal data?
2. Analyse the Patent Cooperation Treaty and international (PCT) applications.
3. What are central elements of the Network and Information Security (NIS) Directive?
4. What does the copyright law of Finland state on the copyright protection of computer programs?
5. Examine the Schrems/Safe Harbour judgment of 6 October 2015: its main points.
6. Discuss security implications of the Internet of Things.
